St Brendan-Shaw College

Policy for Advertising in the College Newsletter

Our college newsletter is published to provide information about events within the college community. It is not an advertising medium, and it is not intended for any wider audience.

For our newsletter, the college will advertise for:

- The Catholic Church
- Catholic Schools
- Careers/tertiary study institutes
- Groups that have a significant current and ongoing involvement with our students
- Not-for-profit organisations that complement the Christian outreach goals of the college

The college will consider advertisements (always with available space as a consideration) for groups which:

- already provide opportunities for our students
- are not-for-profit and may be of value for some members of our community
